The Nobody's Cats Foundation is a local 501(c)3 non-profit organization that promotes the adoption of Trap Neuter Return (TNR) as the preferred strategy for managing and reducing populations of free-roaming cats in the 15 counties of south central Pennsylvania.

Our strategies include creating a culture of ownership among individuals, businesses and municipalities; promoting and ensuring implementation of standard processes and procedures in the implementation of TNR; and providing a high volume of high-quality spay/neuter surgeries and related services through our Camp Hill surgery clinic. (We have spayed or neutered just under 21,000 free-roaming cats since opening our clinic in late 2013.)
